

Price List of Femtet® English Version

Jan. 2017.

License Packages	Descriptions	Prices
Femtet® Basic	Includes all the basic functions for simulations. 1) Solid modeler 2) Mesher 3) Solvers 4) Post processor 5) Macro 6) Tutorial and analysis examples 7) Import/export of Parasolid and DXF data	¥500,000/year
Femtet® Accelerator (optional)	Accelerates the calculation by using 1) Multicore CPUs 2) GPUs	¥250,000/year
Femtet® Advanced Mechanical (optional)	Can handle the advanced mechanical simulations as follows: 1) Transient analysis 2) Nonlinear materials (elastoplastic materials, creep materials, viscoelastic materials)	¥250,000/year
Femtet® Advanced Magnetic (optional)	Can handle the advanced magnetic simulations as follows: 1) Transient analysis	¥250,000/year
Femtet® Academic	Includes the following 1) Femtet® Basic 2) Femtet® Accelerator 3) Femtet® Advanced Mechanical 4) Femtet® Advanced Magnetic	¥19,800/year
CAD DATA Translator (optional)	Can import/export CAD data. See the compatible data formats.	¥250,000/year
